5. Colour the rattlesnake on the next page!

6. Practice your reading skills! Read the story below to one of the BC Wildlife Park's Education staff members!

Ssssam the Snake

Sam is a silly snake.

He likes to climb trees and swim in the lake.

He lives on the ground where his food can be found,
Like mice, bugs, frogs and eggs.

He has scales, not skin and no hair on his chin.
He uses his scales to hide, to help him blend in.

If you see Sam around, leave him on the ground!
